DETAILED ACTION

Allowable Subject Matter

- 1) Claims 1-20 are allowed.
- 2) The following is an examiner's statement of reasons for allowance:

The present invention includes independent claims 1, 8, 15. Claim 1 recites a computer-based method for generating a demand estimate for a product; claim 8 recites a system for generating a demand for a product; claim 15 recites a method for generating a demand for a product.

Aggarwal et al is considered the closest prior art. Aggarwal et al discloses gathering and removing auction data for a product where the gathering includes searching an auction web site (430).

Aggarwal et al does not disclose the combined recitations especially including:

In claim 1:

removing from a set of auction data all but a highest bid from each unique bidder in the auction data;

Art Unit: 1762

determining the demand estimate by correcting a bias in the auction data caused by a set of characteristics of an auction from which the auction data is obtained using a computer-based mechanism such that the demand estimate provides an estimate of a likelihood that a consumer will purchase the product.

In claim 8:

price analyzer that determines an estimate of a likelihood that a consumer will purchase the product by removing from the auction data all but a highest bid from each unique bidder in the auction data and correcting a bias in the auction data caused by a set of characteristics of an auction from which the auction data is obtained.

In claim 15:

removing from the auction data all but a highest bid from each unique bidder in the auction data;

determining an estimate of a likelihood that a consumer will purchase the product by correcting a bias in the auction data caused by a set of characteristics of an auction corresponding to the auction data.

For these reasons claims 2-7, 9-14, 16-20 are deemed to be allowable over the prior art of record, and claims 1, 8, 15 are allowable by dependency.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
